MANY OUTSIDERS DESIRE JOIN UPLAND SCHOOL DISTRICT MANY PROBLEMS

PRESIDENT BARR NAMES COMMITTEE TO CONFER WITH ONTARIO

Many Problems Present Themselves for Solution. Seventh Street More Logical Boundary Than Eighth, Some Say.

Residents to the west of Euclid avenue and north of the Santa Fe railroad have petitioned the county board of education to transfer the territory in which they reside from the Ontario school district to the Upland school district and the petition is to be heard before the board of supervisors on Monday, Feb. 10th, commencing at 10 a. m., in the court house at San Bernardino.

Thus far there seems to be little if any opposition to the change proposed as all the residents in the district signed the petition, and whether that section to the south of the Santa Fe tracks as far as Eighth or Seventh will desire to come in or not is still in question. As the addition of the district north of the Santa Fe and west of Euclid to the Upland district will leave very few pupils for the Eighth street school, indications are that the Eighth street school would be closed, necessitating the pupils still in the Ontario district going to schools farther south.

At a meeting of the Ontario Chamber of Commerce the other evening the subject of changing the corporate limits of the City of Ontario to Eighth street and Upland annexing the territory was discussed and a committee named to confer with the Upland chamber on the subject.

Numerous problems enter into the proposed change, one of them being as to whether the residents are willing to trade conditions, for bonded indebtedness, both school and municipal, enter into the proposition.

The plan talked of before the chamber of commerce at Ontario was to make the line Eighth street. Residents south of Eighth as far as Seventh are probably more closely connected with Upland in affairs generally than with Ontario and should the corporate line ever be moved Seventh street would probably be a more satisfactory line.

Another problem would be the water service, as Ontario now has a municipal service while Upland has a corporation service. Many problems present themselves, but if the people want it done, it can be done without a doubt.

Chas. V. Barr, president of the chamber of commerce, has named a committee consisting of W. K. Beattie, chairman; M. E. Hill and E. C. Mehl to confer with the Ontario committee.

GARDEN SEEDS FOR THE NEWS READERS

Hiram Johnson once remarked, "I appreciate your assistance and when I get to congress I'll send you a package of garden seed."

The News has just received the following letter from Senator Johnson:

January 23, 1919.
W. E. Westland, Upland News, Upland, Calif.

My Dear Sir:—I am taking the liberty of sending you 100 packages of vegetable seeds for free distribution among your readers. As you will note, each package is franked and no postage is required to send it thru the mails. All that is necessary is to write an address on each one and drop it in the mail box.

If you think it worth while, I would appreciate it very much if you would announce in the news columns of your paper that you have these seeds for distribution, and then send them out, as you see fit, to applicants.

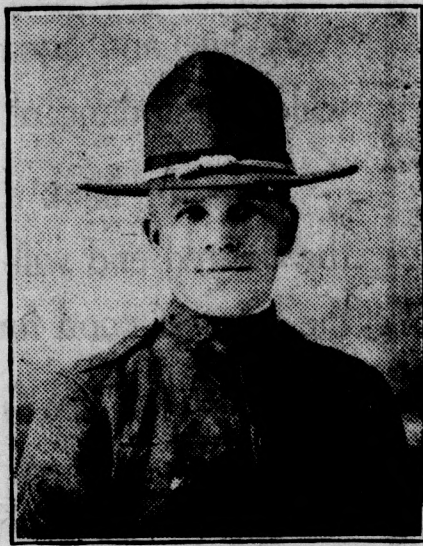

Sincerely,

HIRAM W. JOHNSON.

Let your name at the News office. The first hundred listed get the seed.

FIRST SERGEANT HAROLD C. MOORE IS AWARDED DISTINGUISHED SERVICE CROSS

First Sgt. Harold C. Moore, assistant cashier of the Commercial National Bank and well known throughout the city and surrounding community, has been awarded the Distinguished Service Cross.

Sergeant Moore, A. S. Company C, 348th Machine Gun Battalion, although wounded by the same shell which mortally wounded his platoon commander on September 26, 1918, went to his company for assistance, returned through heavy shell fire and helped to carry his commander to a place of safety. He did not report his own wound or receive medical attention until the officer had been cared for.

The many friends of Sergeant Moore, and especially Mrs. Moore who is a teller in the Commercial National, are decidedly proud of Sergeant Moore, while the pride of his mother, Mrs. Elizabeth Moore, can only be realized by other mothers whose sons aided in bringing the war to a close, through valiant service.

A letter to Mrs. Moore in October announced that Mr. Moore was in the hospital through a slight wound on the left arm, but would soon be with his company again. Later a telegram to Mrs. Moore from Washington informed her that her husband had been seriously wounded. For several days considerable worry resulted but a later notice was to the effect that the official notice was regarding the injury of which Mrs. Moore was already informed.

Sergeant Moore was born in Kansas and came to California some fifteen years ago, locating here about fourteen years ago. Twelve years ago he entered the Commercial National Bank as a bookkeeper and worked his way up to assistant cashier.

Just prior to going to Camp Lewis, in September, 1917, he was united in marriage with Miss Eva Gerry, who is assistant cashier of the Citizens Savings Bank.

A letter received Tuesday by Mrs. Moore states that Sergeant Moore has just received notice that he is to be decorated and that notice was a decided shock. Mr. Moore not realizing that his work of September 26th was any thing out of the ordinary. The letter was written on Christmas day and Sergeant Moore is looking forward to the day when he will be en route home, and when he arrives friends here will give him a royal welcome.

TWO MEET DEATH IN AUTO COLLISION

Mr. and Mrs. John Rodenburg, of Deschler, Neb., spending a few weeks in California on their honeymoon, were both instantly killed here Saturday afternoon at Twelfth street and Mountain avenue, when the machine in which they were riding collided with the machine of Ben L. Gubser, of Los Angeles, throwing them from the machine against a Standard Oil gasoline truck which stood at the curb just south of 12th street on Mountain.

In the car occupied by Mr. and Mrs. Rodenburg were Geo. Schnaakenberg, his daughter, Miss Emma, who was driving, and son, Emil. The party had been to Camp Baldy for the day and were just returning.

Coasting down Mountain avenue, Miss Schnaakenberg arrived at the corner of Twelfth and Mountain just as Mr. Gubser and party, going east on Twelfth arrived on their way to Little Bear lake.

The Schnaakenberg car struck the Gubser car on the rear wheel sending it to the south side curb of Twelfth street where two of its wheels were smashed. The Schnaakenberg car careened across Twelfth street, threw Mr. and Mrs. Rodenburg against the Standard Oil truck which had been brought to a standstill when Driver Frank Hayes saw that the machines were going to strike—then turned over and landed on its wheels against the west curb of Mountain avenue.

Mr. and Mrs. Rodenburg were instantly killed while the other occupants of the car were badly injured and taken to San Antonio hospital where, their wounds were dressed. Later the injured were removed to Orange, their home.

C. E. STANLEY ANNOUNCES SALE OF HIS GROCERY STORE

I wish to announce that I have sold my grocery store to A. W. Benson. I have known Mr. Benson most of my life and can heartily recommend him to my patrons and the people of Upland and vicinity. I know he is honest, energetic and trustworthy and will do all in his power to serve those with whom he deals. I wish to thank my patrons for their loyalty and generous patronage and trust you will favor Mr. Benson in no less degree than you have me.

CHAS. E. STANLEY.

MANY TAKE TRACTOR COURSE AT CHAFFEY

The tractor course, begun at Chaffey last week, opened with one hundred and fifty in the class; most of them being men, though several ladies of the Chaffey faculty have also entered the class. Only lecturing has been given in these first lessons and the actual experience in the tractor will come later. Much enthusiasm has been shown in the work and the course promises to be a great success.

Regular classes have again been resumed at Chaffey, beginning last Monday, and an average attendance of eighty-nine per cent is reported. This amount is very good, considering the flu and the opportunities for students to quit and go to work.

The regular cadet drill of the boys and the gymnasium work of the girls have begun again, an hour being taken in the middle of the morning between classes for the work. The boys are doing drill practice while all the girls are learning marching under Miss Mabon and Miss Bissell. The Junior College girls have been given charge of the freshman squads and are putting them through drill work. If you chance to pass Chaffey at the right time in the morning do not be surprised to see a marching army of girls on the campus!

In a fast game between San Bernardino and Chaffey Union high last Saturday the Chaffey football team defeated San Bernardino by a score of 12 to 13 and this in face of the fact that the San Bernardino team averaged heavier than the local boys.

Mr. Booth of the faculty has just been awarded the degree of bachelor of arts by the University of California, Berkeley.

GETS WONDERFUL RESULTS BY ADVERTISING IN NEWS

"I put a classified ad in your paper the other day and as a result I received nineteen replies."

That's what a local man said the other day and yet there are men and women still maintaining it doesn't pay to advertise. News classified ads are famous for the results they get.

An all-night demonstration of 25 Scheu Smokeless Orchard Heaters will be held Saturday and Monday nights, Feb. 1 and 3, at Stewart lemon grove. See their ad on page 8.

FIRE DEPARTMENT IS HINDERED BY RUSH OF GAS WAGONS TO LOCAL FIRES

CHIEF MANKER ASKS ORDINANCE TO REPRESS FIRE FANS' ZEAL

Representative from Gas Company Confers With Council. Plan to Save on Electricity and Apply to Roads.

As was predicted in the last issue of the News Manager Bivens of the Southern Counties Gas company appeared before the city council Monday night and requested that the council request the railroad commission to lower the rates of the company here. The only discussion over the proposed change was the advance in the minimum charge which will go from 50c to \$1.00 but as there are few people using but the minimum, council thought no hardship would be worked upon the people while those using more than \$1 worth, and the majority do, they would get a lower rate.

Mr. Bivens stated that the Southern Counties Gas company was here to give service of the highest character and if the people of Upland didn't get strictly first class service it was his job to see that they did get it. Messrs. Swing, Whitney and Woodbridge were named by Mayor Johnson to look further into the matter.

Fire Chief Manker appeared before the city council stating that the fire department was having too much company when going to a fire. While going to the Nelson fire at Twelfth street Monday night, automobiles, motorcycles and everything else with speed followed the fire truck and after the hose was laid, automobilists drove over the lines. Mr. Manker requested an ordinance making it a misdemeanor for drivers of other machines to get closer than 300 feet to the truck or to drive over a hose laid across the road. Attorney Swing will draw up the ordinances.

Memorial Service
A Roosevelt memorial service will be held here on February 9th providing the flu ban is lifted. Plans are now under way and whether Ontario and Upland will hold a joint service is to be decided later.

Supervisor Grier appeared before the board requesting that the city council cooperate with the supervisors in making Mountain avenue at both Twelfth and Tenth streets a little safer for automobilists.

Just how it can be done is hard to say, for danger signs are already posted, while trees have been cut away to give a better view. Many ideas were advanced and something worth while may be worked out. And here's a tip to motorists—watch your lights, watch your speed and be sure you park your car facing the right way on the right side of the street. And you drivers of horses and other means of locomotion are in just as much danger, for a plan of education is going to start in this man's town, and those who leave their vehicles at any old place, any old time, in any old condition, are going to spend some of their good money.

To Save Coin

The street and light committee of the city council is working out a plan whereby money may be saved in electric current. Ontario has a moonlight schedule and the Upland committee is planning on taking up the same idea, the money thus saved to be invested in good roads.

CONTRIBUTIONS NEAR \$4000

With our contribution for the relief of the Armenians and other homeless people of the Far East nearing the four thousand dollar mark, Upland is the banner city of San Bernardino county. The cash and pledges to date in this present campaign total seventeen hundred fifty dollars and Upland's contribution since last year has been nearly two thousand dollars.

The campaign has been delayed by health conditions in many Southern California communities and Manager Wells of Los Angeles announces that the books will not be closed until every city has been able to complete its canvass.

Two freight transports furnished by the United States government have sailed this month for Turkey and relief workers have sailed in government transports for France, where they will re-ship for Armenian ports.

DESTRUCTIVE FIRE MONDAY

Fire of unknown origin, Monday noon, destroyed three barns and contents on the home place of R. T. Nelson, at Twentieth and Euclid.

The barns, which contained \$2000 worth of fertilizer, farming tools, household goods, etc were fanned into a raging blaze by the gale which was blowing from the east, and the intense heat made the fighting of the fire decidedly difficult, and so burned the orange trees to the west of the barns that many trees will probably die.

Upland's fire department was at Twentieth and Euclid and throwing water at ten minutes following the receiving of the alarm and the fire boys are of one voice in the opinion that the fire was the hottest they have experienced in many months.

PROCLAMATION BY THE MAYOR

There is a nation-wide movement on foot for the holding of a memorial service for the late Theodore Roosevelt, ex-president of the United States, on Sunday, the 9th day of February, 1919, at 3 o'clock p. m.

The National, State and County Councils of Defense have requested that committees be appointed in each community, to do everything possible to make successful such memorial services. Theodore Roosevelt as an American was 100 per cent pure, and every loyal American, no matter what his politics, mourns his death, and feels that our nation has suffered a great loss.

Now therefore I request that the people of Upland and vicinity hold appropriate memorial services on Sunday, February 9th, 1919 at 3 o'clock p. m., and I hereby appoint the following committee to make full arrangements as to place of meeting, program, etc., and I hope that each member will feel it an honor as well as his duty to serve:

Salute to the Flag

"I pledge allegiance to the American Flag;
And the Republic for which it stands;
One Nation, indivisible,
With Liberty and Justice for all."

ASSEMBLYMAN CROMBIE ALLEN is a firm believer in "He that tooteth not his own horn the same shall not be tooted," and as Crombie has evidently enlisted the services of a first-class "tooter," his district is hearing much of his ramifications at the State Capitol. Let 'em come, Crombie, and if none of your bills ever see the light of day, you will have tried anyhow.

SAY, San Bernardino, if you want to be county seat for the west end of the county, you'll have to "shake a leg" on these war issues. It wasn't so long ago that San Bernardino sent out its men to show the lesser lights of the county how to conduct successful war fund campaigns. We suggest that on the next drive San Bernardino call in a few of the lesser lights, that the county seat of the Imperial County of San Bernardino might wiggle under the wire.

HOW difficult it is for the average man to think how it would seem to be unable to read and write! That there could be 700,000 men of draft age in the United States thus illiterate is a startling fact to those who are able to read it, but the reader can scarcely imagine what such a condition is like. In the environment from which he was taken, the illiterate soldier was probably used to his handicap, but the sense of inferiority, when he was brought in daily association with so many better equipped men must often have set him to studying print, with some good-natured comrade to help him. Even if the draft revelations had not stirred the nation to a more determined effort to wipe out illiteracy, it is a reasonable belief that the war would have materially reduced the proportion of Americans unable to read or write.—Christian Science Monitor.

NO less an authority than "Life" makes the statement that the best Californians are crazy. Thanks, Life. It took crazy Californians to build the most complete system of good roads in the United States; it took some more of them to impress on some of the foreign element that California was for American citizens, in the main; still more of them elected Wilson president, made Hiram Johnson a senator, Wm. D. Stephens governor and insisted that Francis Heney attend to his law practice even if he did insist "Heney stands for Wilson." And say, Life, it wasn't so long ago when the Progressive convention wanted to know what word should be sent to the Republican convention and a Californian shouted, "Tell them to go to hell." Here's one, though, Life, that you should chortle over—California is a wet state—but (tears) she's going dry in spite of an investment in vineyards that would stagger any state east of the Rockies to deliberately throw away. We may be crazy—but we're happy and we are making Easterners enjoy themselves here.

And then there's Herbert Hoover; California educated him, and he fed the nations, and when Germany desired to confer with him on the food conditions his reply was to the point, for his answer was the same as that California bunch of warriors who refused to surrender.

THUS far President Wilson and Premier Clemenceau are said to be getting on quite famously together. The Frenchman is reported as saying that he had imagined Wilson as an awe-inspiring Moses bearing his tablets of unrelenting stone, but that he found him to be a regular human being with a sense of humor—"like myself," he added with a twinkle. Although the president is thoroughly human, his sense of humor has not been noticeably conspicuous until recently. He has always understood and appreciated a joke—even when he was the subject of it, but since he crossed the seas his sense of humor has been accentuated and has taken on an international quality. For some reason or other the French and English people had created an imaginary Wilson in which austerity was the dominant note. He was the coldly-precise scholar, the apostle of a justice of his own building. But when he began to smile even the London fog dispelled and the awakened French people joyously gave him grin for grin. There seemed to be a mutual falling in love. Of all the delegates to the Peace Conference the American president seems the most companionable to the different interests represented. The president had

never had a home reputation as an especially good mixer, but when it comes to considering the peoples and affairs of a turbulent world he is Woodrow on the spot.—Los Angeles Times.

ASSEMBLYMAN ALLEN has introduced a bill at Sacramento providing for an appropriation of \$250,000 for the purchase of lands "in one of the seven southern counties" of California, the land to be handled under the state settlement plan, and subdivided with a particular view to taking care of returning soldiers who may wish to adopt the agricultural life. The bill also carries an appropriation of \$10,000 for the preparation and equipping of the lands bought with the \$250,000.

Of course we ought to apologize for the heading above (Some Bacon for Us, Crombie), for anything so worthy as the purpose to make plans for returning soldiers and for the diverting of excess labor into needed production is not to be lightly considered. Also the location is less important than the fact that such a plan shall be worked out on the most suitable land available. If that shall be in San Bernardino county,—fine, and if in some other neighboring county, then we're for it, just the same. But we fear Mr. Allen has asked far too little. Two hundred and fifty thousand dollars will buy no great acreage in Southern California where water can be had. However, we merely make this suggestion. Having no doubt but that the assemblyman will get all that conditions make possible.—San Bernardino Sun.

Happenings Here and There Gathered by a News Special Representative in and About the Famous Etiwanda Colony

A number of Etiwanda people spent a happy afternoon in the Chaffey High School campus Saturday witnessing the game between Chaffey and the team from the San Bernardino High School. It was a perfectly satisfactory game, in which the Chaffey boys won in spite of having to play against a team whose average weight is several pounds greater. Billy Hippard played throughout the game and Cyrus McLean, who had not sufficiently recovered his strength to play through the afternoon took his place for a short time in the last quarter, thus getting credit for having played in the game.

A number of the young people who attend Chaffey from Etiwanda motored over to attend the game. Mr. Alfred Utman who chanced to be passing by stopped when he saw the game in progress and was enthusiastic over the work done by Chaffey.

Mrs. Alice Hippard and mother, Mrs. Elmir Coons, watched number 23 with great interest, and throughout enjoyed the afternoon. With them were Mrs. A. C. Smith and sons, Curtis and William, and Miss Dorothy Smith.

Mrs. Harvey Brubaker who was called home by the illness of her husband, writes from Oakland that Mr. Brubaker is recovering from a severe attack of influenza.

Mr. and Mrs. Eugene Bates, Misses Ester Chase and Dorothy Bates were week end guests in the home of Mrs. C. W. Greenlee. Mrs. Greenlee accompanied them to Los Angeles Sunday evening.

Mr. and Mrs. T. Ingvaldsen entertained delightfully with a dinner on Saturday evening, their guests being Mr. and Mrs. W. G. Pearson, Mr. and Mrs. Wm. Pearson, Mr. and Mrs. Andrew Ingvaldsen and Mr. and Mrs. W. E. Layton and daughters. A roast pig was served and we have it on good authority that the guests all made pigs of themselves.

Mr. and Mrs. E. T. Myers entertained Mr. and Mrs. Albert Byers and Mr. Harry Rockoff of San Bernardino, Sunday.

Miss Georgia Cooley of Upland was a guest of Miss Louella McClean Thursday night.

Mr. and Mrs. Harry Diltz of Upland spent Friday evening with their cousins Mr. and Mrs. A. A. Werner. Mr. Diltz is taking the tractor course at Chaffey.

Mrs. Emanuel Smith spent Saturday

day in Ontario visiting with Mr. and Mrs. L. C. Brown and Mr. and Mrs. Heyden and son, all of Billings, Oklahoma. Both families left Saturday evening for Oklahoma after having spent a delightful vacation in California.

Now that Chaffey High School has opened in earnest several of the students from here have dropped out. They plan, however, to re-enter when another September comes around. In the case of most of them the influenza has left them feeling unfit to take up the work which must of necessity be hard from now until June if the year's work is to be completed. Richard and Marjorie Wood, Florence Brownless, Ethel Bilyeu and Hazel Cour are those who are dropping the high school for the present.

Judging by the way the children are getting back into the grammar grades the influenza epidemic is on the wane in Etiwanda. While there have been vastly more cases here during this second siege, nearly every one has been lighter in form, and with the teaching of past experience every sufferer was more than careful in getting out too soon, so that there have been no resultant deaths.

During the past week Mr. and Mrs. G. N. Petrov were reported as ill with influenza. Dr. Alice Smith has been in attendance and both are doing nicely at present writing.

Mrs. W. H. Frost and the younger children have also been ill, the children are now convalescing and Mrs. Frost is much better. The trained nurse who assisted in the Charles Wood family was taken to the Frost home only to leave at the end of twenty-four hours, herself a victim of the disease. She was taken to Upland for treatment.

The G. E. Frost family is able to be out again.

Mrs. Thomas Donnelly, who is not yet able to go out is slowly taking on home duties and is gradually gaining her strength and usual good health.

Dr. Weber of Cucamonga is still a daily visitor in the community and his many friends here are glad to note that he looks better from week to week in spite of the fact that he has had irregular meals and insufficient sleep, rendering his own complete recovery very slow indeed.

Mr. and Mrs. J. B. Ross and family have had light cases of influenza. The little girls who compose Mrs. Ernest Mueller's Sunday school class are looking forward to Saturday afternoon at which time they are promised their annual class party at the home of their teacher. It may be Mrs. Mueller's cooking and it may be her wonderful ability as a story teller but her parties are very important events in the lives of the children whom she entertains.

STRENGTH

THE AIM of this bank, present and ultimate, is to inspire greater co-operation between the depositors and the men who direct its affairs.

In doing this it serves business men in every line and equally the public through the wider distribution of its financial assistance.

As the bank fosters that co-operation, so the desired end will be reached, namely, doing the greatest good for the greatest number.

As we see it, this is true Financial Strength.

Conservation Message No. 8

Care Means Wear

United with the best automobile and accessory dealers in Southern California, we are conducting this educational campaign because its necessity is apparent. We are emphasizing our service of conservation as it applies to tires, because as a matter of absolute fact, most car owners pay but little attention to their tires and therefore abuse them more than any other part of the car. Follow the series of messages closely—cut them out and save them.

"A Stitch in Time Saves Nine."

Tread Cuts

Just as the unmended tear frays and daily grows larger is neglected—just so will a cut in the tread of your tire spread, permitting sand, dust, gravel, oil, mud, moisture and every sort of foreign matter to enter the cut and work into the carcass which will soon bring about the destruction of the tire unless the cut is mended when it first appears. Our periodical inspection will disclose these cuts. Our service and facilities, willingness and sincerity of intention in every department of our business are at your disposal.

Hippard accompanied Mr. C. N. Ross and Mr. and Mrs. Morgan Carter to Lytle Creek Canyon and Glen Ranch Sunday. Mr. and Mrs. Carter visited Mrs. Carter's friends, Mr. and Mrs. Champion of Glen Ranch and the entire party had luncheon at Dodge Inn.

Misses Hazel Cour and Ethel Bilyeu were guests of Rev. and Mrs. Wm. Troyer and daughter Bessie on Sunday afternoon. The party motored to San Bernardino for the afternoon sessions of the Annual County Christian Endeavor convention. They returned in time for the evening meeting here.

Owing to the fact that so few could attend the County Convention Sunday evening at San Bernardino it was decided to hold our local Endeavor meeting, although it had been announced that there would be none. Miss Hazel Cour acted as leader. Those who had been attending the convention gave interesting reports of that.

The Dodge automobile is finding many admirers here. Mr. and Mrs. O. H. Price have recently purchased one of that make.

Margaret, Marjorie, Ruth and Richard Wood motored to Long Beach Thursday and spent the day with friends.

Messrs. Gerald Cour, Berthold Dugdale and Harry Macani are among those who are taking the tractor course which began Monday at Chaffey High School.

Mr. and Mrs. Melvin Stevens and baby of Upland were guests Tuesday of Mrs. M. A. Orchard and daughter, Miss Amy Orchard.

Mr. and Mrs. Morgan Carter of Los Angeles are making a brief visit at the home of Mrs. Morgan's father, Mr. C. N. Ross.

Miss Opal Bickley of Ontario is a visitor at the home of Mrs. Mamie Cour.

The Ladies Aid Society will meet next Thursday afternoon in the Church basement. Every woman in the community is invited to be present.

Friends from the old home town are always cordially welcomed. Mr. and Mrs. J. B. Ross, who recently purchased the Neece ranch are entertaining their friend Mr. Robert Ballard of Ellum, Washington. Mr. Ballard has just received his honorable discharge from the signal corps of the aviation section of the U. S. Army and has come down from Washington to see about spending his future years in California. He is very much pleased with this part of the state.

Mr. and Mrs. Douglas Allen welcomed their son Emory home Saturday evening, having just returned via San Francisco from France. It certainly seems good to see the boys coming back.

Mr. and Mrs. J. E. Perdew hear regularly from their son but neither knows as yet when he is likely to be sent home.

Harold Ross writes from Romorantin, France that it seems to him his work at that place will end about March, but he isn't taken into the confidence of the higher-ups so does not know whether he may expect to come back at that date or to be moved elsewhere. He is perfectly willing to see more of Europe before returning.

Mrs. Chas. Stevens, of Tempe, Arizona, whose husband recently met his death in a mine disaster at that place, plans to make her home in Etiwanda. She will occupy the house owned by her step-son, L. H. Stevens on Etiwanda avenue near 4th street. She will visit at Brawley for a short time enroute and expects to arrive about the time her household goods reaches here.

Mr. and Mrs. Orchard, who have been occupying the L. H. Stevens bungalow have moved into temporary quarters near the Orchard Garage until they can build a modern residence on the property adjoining the garage.

Mr. and Mrs. Frank G. Tyrrell and daughter motored out from Pasadena Sunday afternoon for a call on Mrs. Wm. McClean. Mrs. McClean knew Mrs. Tyrrell years ago in Missouri, and was a bridesmaid at her wedding. For years they lost sight of each other and only recently discovered that they are neighbors in California.

Dana Ross spent Sunday at the automobile races in Los Angeles.

Mr. and Mrs. James Isle returned to their home Sunday spending two weeks at their San Pedro cottage, fishing and forgetting the worries of ranch life.

A. C. Smith spent Monday and Tuesday in Los Angeles.

Mr. C. N. Ross motored to Los Angeles Monday morning to take Mr. and Mrs. Morgan Carter to their home. He returned to Etiwanda on Tuesday.

A number of people went to San Bernardino Monday night to see "When You're in Love" at the Opera house. They found it a delightful comedy and all report a jolly time. Among those who went from here were Mrs. Kemp and daughter Lida and friend, Miss Loper of Fontana. Misses Ethel Bilyeu, and Hazel Cour, Mr. and Mrs. Fred Gilbert and Mr. King from Frost Brothers store.

Mrs. Geo. E. Utman and her mother, Mrs. Codd, went home from Red Cross meeting Friday with Mrs. Alice Hippard and were dinner guests of Mrs. Hippard and Mrs. Elmira Coons.

Miss Cora McCorkle of Pasadena spent the week end at the home of Mr. and Mrs. Emanuel Smith.

Billy Hippard had as a week end visitor Elzo McCluskey of Pasadena. On Saturday evening Cyrus McClean and Misses Cora McCorkle, Isabel Smith and Katharine McClean were also visitors in the Hippard home, having a delightful evening at cards.

On Sunday Mr. and Mrs. Wm. McClean entertained at dinner for Elzo McCluskey of Pasadena. Beside the honor guest the visitors were Miss Isabel Smith, Miss Cora McCorkle and Billy Hippard.

The friends here of Mr. and Mrs. R. M. Piety, of Ontario, will learn with interest of the arrival of a baby daughter at the Piety home on Thursday of last week. The little one will bear the name of Elizabeth Viola.

The girl friends of Rows Eloise Rader, now of Matanuska, Alaska, received clever little remembrances from her this week, made by mounting kodak pictures on birch bark. They are beautiful souvenirs of the northland and valued highly by the recipients. Several people in the colony received New Year's greetings in the same mail from Mr. and Mrs. Rader.

After having extended their visit a week longer than had been planned Messrs. Jesse and Gifford Troyer of Hollywood, who were visitors in the home of their Uncle here, returned Thursday. Rev. Wm. Troyer motored to the city with them.

Mr. and Mrs. A. A. Werner and daughter Eleanor drove to Riverside Sunday and ate a picnic luncheon on Mt. Rubidoux.

Miss Wilson hopes that the mothers of children who are making articles

MORE WORSTED MANUFACTURE IN U. S. MACHINERY RE- PORT SHOWS

An increase in the manufacture of worsted goods in the United States is indicated by the monthly active and idle wool-machinery report just issued by the Bureau of Markets, United States Department of Agriculture. Only 18 per cent of the total worsted combs reported were idle on Dec. 2, 1918, as compared with 24 per cent on Nov. 1, while 27 per cent of worsted spindles reported were idle on December 2, as compared with 30 per cent on Nov. 1.

A slight increase is shown in the case of idle wool machinery, the figures for sets of cards being 14 per cent on December 2, as compared with 12 per cent idle on Nov. 1.

Domestic wool is used largely in the manufacture of worsted goods, and the report indicates a fair demand for these wools.

About 77 per cent of all looms making woolen goods were in operation on December 2, 1918, while 86 per cent of woolen cards, 82 per cent of combs, 84 per cent of woolen spindles, and 73 per cent of worsted spindles were also in operation on

that date. With reference to machines engaged on war orders the report shows a slight decrease in the case of active woolen machinery and a marked decrease of active worsted machinery.

Club Notes—

It is hoped to have the first meeting of the Woman's club at the club center on Tuesday evening, the 11th of February, that being the regular date, if everything is lovely as to flu conditions. It will probably be a happy get-together meeting. No programs have been given this year and possibly the regular program will be set aside and an emergency one used.

All dues for 1918-19 are due and payable to the treasurer, Mrs. Lora Briggs.

It has been decided in executive board meeting that a membership drive shall be started this week. Any woman coming in as a new member, or an old member returning, may join on payment of the entrance fee. No dues will be asked of any one coming in for this year. This will give those members who used to belong a chance to join again and any new member this splendid opportunity. The membership committee are Mrs. Manker, Mrs. Tuttle and Mrs. Vedder.

Fournier-Crew—

Dr. Deon A. Crew, formerly of Upland, and Gladys A. Fournier, of San Luis Obispo, were joined in marriage Wednesday noon at the Presbyterian manse, by Rev. R. C. Stone. The happy couple will live in Monrovia, Cal., where Dr. Crew is a practicing physician.

Ingram-Aldridge—

The first marriage license to be issued at Chino, Southern California's Gretna Green, this year went to an Upland girl and a Chino man. The bride was Miss Vera M. Aldridge, aged 18, of Second Avenue, Upland, and the groom Andrew M. Ingram, aged 20, of Chino.

W. W. Harrison, stepfather of the groom, consented to the marriage, the groom being under age, and then acted as best man. The bride's mother acted as bridesmaid.

The wedding ceremony was performed by A. O. Dillon. The beautiful ring ceremony was used, the bride carrying a handsome bouquet of flowers.

Then the wedding party motored to Upland, where a wedding dinner was served at the home of the bride. The couple are now on a brief honeymoon. They will live here.

Private M. Whitmoyer Honored—E. H. Granger and Jas. M. Webster, assisted by Mrs. Granger and Mrs. Webster, entertained at the home of Mr. and Mrs. E. H. Granger Monday when they gave a five-course dinner in honor of Private M. Whitmoyer, who arrived here Sunday afternoon from France.

The dinner was par excellence itself and the hungry men guests are still talking of most satisfying effects while the entertainment following the dinner made a delightful evening.

Russell Evans, of Los Angeles, a friend of Mr. and Mrs. Granger, who was for fourteen months in the trenches with the Canadian troops, related in a most interesting manner the many thrilling experiences he had while Private M. Whitmoyer told many interesting details of his experiences.

John D. Howe, of Camp Taylor, entertained with his piano selections as only John D. knows how, while Mr. Whitmoyer was called on to sing and did so most entertainingly.

Those who enjoyed the event were Dr. O. W. Kankel, Lieut. E. H. Fuller, Chas. P. Fuller, P. H. McQuillen, J. W. Mehl, Elmer Peabody, John D. Howe, Clyde Duvall, James Black, all of Upland, and Jay Holbrook and Russell Evans of Los Angeles.

ANNUAL CONVENTION OF ENDEAVORERS

The eighteenth annual convention of the San Bernardino County Christian Endeavor Union was held this last week-end in San Bernardino and a fine time and fine attendance are reported. Those who visited there from Upland were Marlon Maurer, Geneva Moremen, Vera McLaren, Janet Stone, Richard Williams, Lex Lucas and Percy Lucas. This end of the county feels honored in the fact that the county president was chosen from Ontario. Those elected to county offices for the next year are: President, Miss Gertrude Bentley, Ontario; vice-president, Archie Bell, Redlands; secretary, Janet Stone, Upland; treasurer, Henry Harries, San Bernardino.

WHAT TO USE TO PREVENT APPENDICITIS

Upland people should know simple buckthorn bark, glycerine, etc., as mixed in Adler's-ka, flushes the ENTIRE bowel tract so completely that appendicitis is prevented. ONE SPOONFUL Adler's-ka relieves ANY CASE sour stomach, gas or constipation because it removes ALL foul matter which clogged and poisoned your system. The INSTANT action surprises both doctors and patients. O. P. Brady, Druggist—adv.

"HOW, WHEN and WHY"

—do you know?

What is a RETREAD?

What is SECTIONAL WORK?

What is the BREAKER STRIP?

When should a tire be RETREADED?

HALF THE TROUBLE experienced by the average motorist is TIRE TROUBLE.

VULCANIZING

has become an ART. It is saving thousands of dollars annually to the Motorist, and adding untold mileage to tires otherwise destined to short life. Therefore it is imperative that every car owner should be informed of the HOW, WHEN and WHY of Vulcanizing.

SERVICE DEPARTMENT

For the benefit of the public we maintain a well-equipped Service Station. Modern apparatus with skilled workman in charge. Inspection of tires—information—careful advice is yours for the asking. We invite you to take advantage of this Department.

RETREADING

No tire retreaded without the most careful inspection. The Tire Fabric must be sound—without flaw. Therefore do not wait until the fabric has become decayed. Material used—the best we can obtain. High class workmanship.

Remember that we carry in stock
GOODYEAR TIRES—Cord and

down three days with the fever, but
was greatly helped by the osteopath-
ic treatments which his brother, Dr.
L. V. Harvey, of Upland, gave him.

Mrs. Harvey, who returned Tuesday
week from the San Antonio hospital,
is getting along nicely and able to
sit up. Their daughter, Miss Opal,
has been nursing the patients since
her return from Ramona convent,
which is now closed on account of
so many of the scholars being absent
with the influenza.

Friends here of the John Maddock
family, who resided for many years
at their ranch home, corner Hell-
man avenue and Eighth street, will
regret to learn of the death of their
son, Dick Maddock, who passed away
with the influenza-pneumonia in a
San Francisco hospital, Dec. 28th.

Mr. and Mrs. Maddock now reside
in Woodlake, Cal.

pany's barns, was taken seriously
ill last week, contracting the Span-
ish influenza. On Sunday he grew
worse and it was thought best to
remove him to the Loma Linda
Sanitarium for treatment, all to no
avail, it seems, as word was re-
ceived here Monday of his death
from pneumonia Sunday night.

Happy Family Reunion

A jolly family party to the number
of seventeen spent the week-end at
the home of Mrs. Alice Philippi and
daughter, Mrs. Helen Sommerville.

Arriving Saturday in a big truck
from Los Angeles and bringing with
them Mrs. Philippi's piano, were
Mr. and Mrs. I. F. Swan and two
children, Mrs. Iva Mayo and her two
daughters, Mrs. Herbert Powellson
and son Jack, of Needles, Cal., Mr.
and Mrs. Edward Secker. On Sun-
day the party, which included Mrs.
Philippi and son Dan, Mrs. Som-
merville and two children and Mr. Ed
Eymann, motored up Cucamonga
canyon where they enjoyed a boun-
tiful picnic dinner.

Alta Loma Bridge Club

Mrs. W. H. Horst was hostess to
the Alta Loma Bridge Club at her
hospital home on Ramona avenue
last Thursday afternoon. After a
very enjoyable afternoon spent in
the popular and fascinating Auction
Bridge, the guests were regaled
with delicious refreshments, for
which the hostess is famed. Guests
of the afternoon were, Mrs. W. A.
Lucas, Mrs. G. S. VanWagenen, Mrs.
Franklin Roth of Ontario, and Miss
Kate Molsinger.

Chalmers Also Guarantees Present Chalmers Prices

Much confusion and considerable apprehension exists, we find, in the public mind
with regard to present prices of motor cars.

As a result of this, buyers hesitate to order the cars they need lest prices gen-
erally be reduced in the near future.

This condition calls for a frank statement from every motor car manufacturer—
here is the Chalmers' statement.

Let us be perfectly frank and
state that this confusion in
the public mind is the natural
result of certain statements
and acts of some manufactur-
ers who belong to what we
would term the "opportunistic"
class.

These makers—and there are
several of them—have recently
announced "reductions" in
prices to what they brazenly
term "Pre-War" standards.

Now, in not a single case that we can re-
call, has the reduction actually been what
it purported to be.

In every such case the War-time "peak"
price was fictitious.

In no case had it been in vogue for any
considerable period—most of them were
announced just before the war ended.

In some conspicuous cases the War-time
prices had applied only to the individual
buyer—the price to dealers, the whole-
sale price—had not been changed.

This is "inside stuff" we are telling you
but the case calls for absolute frankness
if we are to clear your mind of the er-
roneous impressions created by such
tactics.

The "confidential" reason given for the
last War-time raise in price to the pub-
lic—but not to the dealer—was "for the
benefit of the dealer."

On account of the closing down of fac-
tories, automobile dealers were confronted
with a shortage of cars and a continuance
of expense.

That was all right so far as it went—but
was it sound business to protect them at
the expense of their customers?

Instantly the war ended—and it was most
unexpected—these makers ran for cover.
They knew their product could not com-
pete in the open market at its fictitious
War-time price.

So they hastily announced "reductions."

Conditions had not—have not—changed
an iota. Still they announced "reduc-
tions!"

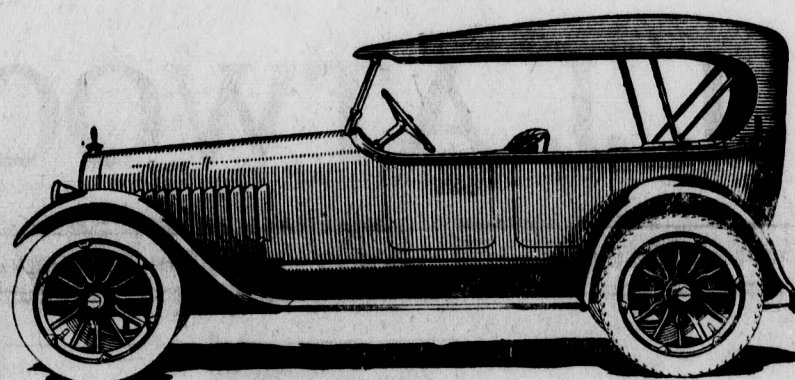

Look at the figures—compare prices of
these cars then and now—the normal
prices of a year ago; the "peak" price
of the late War-time period and the pre-
sent "reduced" prices.

And you will find that in some cases War-
time prices were increased as much as
76% and reduced 20%!

In other cases the increases amounted to
33 per cent—the recent "reductions" to
10%.

We are sorry to relate that this species
of strategy has been resorted to by the
makers of one car that, formerly, was
considered above such practices.

It is such tactics that discredit the entire
automobile business.

That that same model, since
greatly—immeasurably—im-
proved, still lists at \$1565.

There you have it in a few
words—the latest, most high-
ly perfected Chalmers at \$15
more than the earlier and
therefore less refined model!

Chalmers prices have been
and still are rock bottom—
and so will continue.

We cannot do otherwise.

Nor can we see any sound
reason for expecting any ma-
terial change in conditions for a long time
to come.

Materials certainly will not cost any less
while the whole world bids for our supply.
Wages will never return to the pre-war
scale.

The United States Steel Corporation has
said so—and that is the world's largest
employer of labor.

No, the competition of the "cheap labor
of Europe" will not materially change
matters.

European labor is insisting on a higher
scale of living—the American scale.

And on that scale it cost just as much to
live in Europe as in America. Just as
much.

So wages there are being standardized
upward, too.

All of which facts are sound, you will ad-
mit.

But—you want something tangible to
tie to.

You need a car—you prefer a Chalmers.
But, you do not want to pay a dollar
more for it now than it may be bought
for a few weeks hence.

All right, here's a definite, unequivocal
statement from the Chalmers Motor Car
Company.

Price of the Chalmers (Touring Car and
Roadster) is \$1565 f. o. b. factory, De-
troit, Michigan.

WE ABSOLUTELY GUARANTEE THAT
PRICE WILL OBTAIN UNTIL JUNE,
1919.

Every Chalmers dealer is authorized to
give you that guarantee in writing at the
time you order your Chalmers.

Better do so at once, too—for it is im-
possible to obtain materials in time to
increase production sufficiently to meet the
demand—or anywhere near it.

And soon the big spring demand will be
upon us.

Don't hesitate because some maker whose
War-time price was fictitious has "reduc-
ed" it a fraction.

Such makers will have to reduce a couple
of more times before their product will
sell in competition with Chalmers at its
present normal price!

Get in line for your favorite car—Chal-
mers—for there certainly will not be
enough to go around.

Chalmers Motor Car Company, Detroit, Michigan

Note:—The Maxwell Motor Company, Inc., operating the Chalmers factories, desires to state that the same conditions obtain
with regard to the Maxwell product. Present prices are right—are rock-bottom—and will therefore be maintained.
The Same Guarantee Applies.

REAL ESTATE ALONE HAS NOT ADVANCED

The following communication from a Los Angeles real estate owner is interesting to owners of realty and holders of those securities:

"With peace practically assured realty should promptly react to at least the prices paid in 1914. While about all else doubled in price real estate actually declined over 50 per cent, due to money stringency, building restrictions and issuance of many government loans.

"Recently Prof. Irving Fisher of Yale made careful calculations of the relative purchasing power of a dollar in 1914 compared with 1918 and found that, due to inflation, what one dollar bought in 1914 now requires \$2.03.

"Therefore had realty kept step with the general advance then property salable in 1914 at \$100,000 should now fetch \$203,000. But actually it probably could not be sold at much over \$50,000.

"This condition is so abnormal that it cannot last and a rapid recovery to the prices current in 1914 is probable, but even then it will still be disproportionately cheap in comparison with all else that has doubled in value. And unless there is a general decline from prices prevailing in 1914, which is very unlikely, real estate should go far beyond the prices of 1914.

"Dwellings are scarce, rents high and the outlook favorable to a great advance. This will attract attention to realty as a very inviting field for profitable investment promising large returns.

"Real estate, as its name indicates, is the only real property safe from the many vicissitudes that all personal property is liable to, and at last construction of buildings is permitted again."

SAN ANTONIO LIBRARY CLUB

"Americanization" and "Organization of the High School Library" were the principal subjects of the second regular meeting of the San Antonio Library club, Pomona Public Library was the hostess library and the cordial greeting of the members of the staff made the visitors feel at home at once. At 10 o'clock the members began to arrive and a leisurely examination of the library followed. Later they were invited down to the staff room, a large room tinted a deep buff, with comfortable couches and chairs.

The meeting was called to order by the president, Mrs. Manker. The minutes were omitted as the secretary was ill. The first subject, "Organization of the High School Library," was ably handled by Miss Elma Smith of the Pomona high school who said that at present the high school library might be termed the retarded child of education. The librarian does not have much chance to develop her work as the library of the high school is used more as a disciplinary, or jail, for all offenders in all lines of high school work. In the 265 high schools of the state there are only sixty librarians employed. Mr. Ashworth spoke on "Americanization," telling of the work in Pomona especially. In this work the libraries are hoping to assist. Informal discussion followed each address.

Following the announcement of the Sixth District meeting to be held at Alhambra the 15th of February, and the next meeting of the San Antonio Library club at Claremont, the club adjourned. Luncheon was served by the hostess club, peach blossoms and violets were used in decoration. About 25 sat down to luncheon.

The program of the Sixth District on Feb. 15th will be given in the Alhambra library, beginning at 10:30. Mrs. Theodora R. Brewitt will preside; the program will be on how to adjust library service to the new world order. The subjects are "Library Work for the Business Man," "Americanization," "How May We Improve Library Service," "Book Reviews," "A New Charging System," "Cooperation with the Junior Red Cross," "Reconstruction in the Library," and a talk by the president of the C. L. A., Mr. Ferguson.

FORMER UPLAND WOMAN VICTIM OF INFLUENZA

Mrs. Exa Elizabeth Bussey, formerly of Upland, died at her home, 217 central avenue, Chino, last week, of pneumonia.

Mrs. Bussey was born in Georgia, on March 27, 1868, and had lived twelve years in California. Part of this time was spent in Pomona, the family afterward moving to Upland, and from there to Chino.

There are left to mourn her death her husband, Robert S. Bussey, four sons, Kyle Bussey of Riverside, Clifford Bussey of Pomona, Arthur Bussey of Upland and Truman Bussey at home; also two daughters, Mrs. E. W. Browning of Claremont, and Mrs. J. A. Bryan of Brea.

SIXES

\$1525 f. o. b. Racine
For the 40-Horsepower Six

Consider These Prices

Judge for Yourself—Can They Last?

Mitchell Sixes, the other day, dropped back to pre-war prices. Dropped an average of \$200.

The \$1,465 Six dropped to \$1,275—the \$1,735 Six dropped to \$1,525—at a single bound.

They are even underselling pre-war prices, for these are better cars. Scores of improvements appear in these cars which were not in pre-war Mitchells.

Such Prices Unthinkable

If Mitchell pre-war values were good values, present prices can't continue. That is sure.

Today these cars are being built of materials long on hand. They were largely bought at pre-war prices. They are left on hand because the Mitchell factory was turned to war-truck building, and their car production nearly stopped.

But, even with pre-war materials, these prices are unprofitable. Labor cost is higher, and will stay so.

These prices are temporary. They are made to bring production back to normal. War-work has enlarged the factory and increased the force of men. The whole or-

ganization is at high key. They want to keep it going full speed regardless of present profit.

Emergency Bargains

These improved Sixes at pre-war prices are the greatest bargains in all Motordom today.

You will find that by any comparison. These are the only closely-priced cars which have gone to pre-war prices.

Before the war they were the greatest values in the Light Six class. They were built in a mammoth efficiency plant, famed for scientific management. There were no Sixes of like size, power and class sold at Mitchell prices.

Now, with scores of improvements, they sell at the same prices. Now when costs are vastly higher, and when they must stay higher.

We urge you to see these cars. Both open and closed models sell at pre-war prices. They are emergency prices which cannot continue. Come and take advantage of them.
